Marquisette sheers

D and E Save on seamless sheers of 100% polyester marquisette. The delicate scalloped pattern is knitted in. They'll look cobweb fine at your windows, yet you know how polyester keeps its shape, resists sun damage, sagging and shrinking. Hand wash and drip dry. No more than touch-up ironing needed. White only.

D) CUT \$4 to \$12. Pinch-pleated curtains. Beautifully tailored with two-to-one fullness. Slip-in hooks are included.

Movable-louver wooden shutter sets

A Shutters are made of select, kiln-dried mahogany to help prevent warping. Joints are glued and doweled for extra strength and longer life. Each shutter features two more louvers than is normally found in shutters of the same size. Hardware is antique-colour brass-plated steel.

HOW TO MEASURE. To hang inside casing: width, measure inside casing from side to side; length: measure from sill to desired height. To hang on window frame: add 2" to width above; length measurement same as above.

Each set contains four shutter panels and two hanging strips plus knob-latch set; screws; wooden plugs to hide screw heads and pre-mounted slide-on hinges on both hanging strips and between panels (slip panels off easily for washing, painting or for screen and storm windows).

Revolutionary humus toilet
needs no septic system!

- Government approved as Class I sewage system—requires no permit or prior approval
- Just plug it in and ventilate—self-contained unit needs no water, septic or plumbing
- Turns waste into environmentally safe fertilizer that you empty only about once a year (based on average daily use by family of five)

C Easy to install, easy on your pocketbook, easy on the environment! If you're just starting out, a costly septic tank won't be necessary; if you already have a septic system, you won't need to enlarge it to comply with more stringent health controls. And because it's electric, the humus toilet works year 'round when other systems freeze! Made of impact-resistant polyethylene with no screws to squeak, no joints to leak, no dirt-trapping edges or crevices. About 21" wide, 27½" high, 30" long; weighs about 50 lbs. Ventilator, diffuser included; requires 2-inch PVC ventilation pipe. 110/220 volts. With instructions.

Shopping Information

Get all Eaton's catalogues

Order regularly from Eaton's catalogues to place your name on our mailing list. If more than one member of your household orders regularly we suggest all orders be placed under one complete name and address.

New catalogue customers—while our stocks last your nearest Catalogue Sales Outlet will be pleased to provide you with our latest catalogue.

MOVING?

Send us a post office change of address card containing both your old and new address. Moncton area customers please address it to Eaton's circulation Dept., 95 Foundry St., Moncton, New Brunswick E1C 2G2. All other customers please mail cards to Eaton's Circulation Dept., 800 Warden Ave., Scarborough, Ontario, M1K 5C7.

Three ways to shop

By phone—it's quick and convenient and your purchases are delivered to your door. See pages 884-886 in our Fall and Winter catalogue or consult your local phone book for the Eaton's number.

By mail—complete and accurate information will help us to fill your order. So please print your name and address clearly and include the catalogue item number, page number, quantity, size, colour number, name and price. Account customers please remember to include your Account number.

In person—you will receive friendly helpful service from our sales staff when you shop at your nearest Catalogue Sales Outlet.

How to return or exchange goods

Please examine your purchase carefully before you use it. If an exchange or refund is required, simply follow these steps:

1. **Within 10 days** return item with purchase bill wrapped securely in original packing or equivalent. By law the fibre content label must be attached to the item.
2. Return item in person to your nearest Eaton's Catalogue Sales Office or Sales Desk.
3. Or mail parcel including all details and the purchase bill. Give the reason for return. If you are exchanging goods, list the items you want on an order form if possible and mail to the appropriate address below:

Moncton: 95 Foundry St., Moncton, N.B. E1C 2G2.

Toronto: 947 Warden Ave., Scarborough, Ont. M1K 5C7

The Eaton Guarantee

Goods satisfactory or money refunded

The best known and respected Guarantee in Canada. Merchandise that is not suitable due to colour, style, size, material or condition when received and has not been worn or used except to try on or test for suitability or condition may be returned for exchange or refund within 10 days. Merchandise that has not been worn or used to a greater extent will be accepted for repair, adjustment, exchange or refund only if it has proved to be defective in material, workmanship or performance under normal use for a reasonable period of time.

Eaton's Specific Warranties

On many items Eaton's Specific Warranties provide detailed product protection against defects in material or workmanship for a specified period. Where they apply you will find Eaton's Specific Warranties mentioned in our catalogue or accompanying the merchandise.

Pay the lowest catalogue price

If for any reason the price of an item in this catalogue is reduced in another current catalogue you can be sure that we will fill your order at the lower price.

Merchandise shortages

In an out-of-stock situation due to unpredictable shortages, we shall:

- Send you a delayed shipping notice.
- Send a similar article of equal or better value.
- Notify you of cancellation of your order.

Fibre variations

We attempt to supply each item in the fibre content described. If we must send other fibres for your merchandise purchase we will let you know.

Colour variations

The colours reproduced in this catalogue are as accurate as today's high-speed printing will allow.

We're only human

Occasionally we make errors. If you order an item which has been inaccurately priced, depicted or described, we will inform you of our mistake.

Product Research Bureau

The Product Research Bureau was established in 1916 for the purpose of serving Eaton's customers and providing technical know-how to the Company. The Bureau has evolved since then and today it has five laboratory functions, a quality control team and a highly expert staff.

Regular and sale prices

It is our aim to make our pricing practices as clear as possible and to give you information about the values being offered. The following are explanations of price terms used in this catalogue.

Eaton Regular is the catalogue selling price of an item for the life of this book.

Eaton Price identifies a sale price for those catalogue items which Eaton's believes to be a better value than similar items generally available. Every effort is made to make these values as valid as possible. They do not take into account local pricing situations of like or similar items in all communities.

Comparative Prices—Eaton Regular, when used with Eaton Price to form a comparative price refers to the price at which the identical item was offered in an Eaton's Catalogue within the preceding 12 months in your geographical zone.

Small order handling charge

A small order handling charge of 50¢ will be applied to all orders with a total merchandise value of less than 5.00. To avoid this charge we suggest you combine all your small orders into one. In certain provinces we are required to compute sales tax on the 50¢.

Pay the lowest catalogue price

If for any reason the price of an item in this catalogue is reduced in another current catalogue, you can be sure we will fill your order at the lower catalogue price.

Open an Eaton Account

You can apply for an Eaton Account in person, by mail, or by phone. Simply contact your nearest Eaton's Catalogue Sales Outlet or Store. Our courteous staff will be happy to assist you.
