2000's

Welcome

to the 2012 **Wish Book**, our 60th Christmas catalogue. Over the years, since our first edition in 1953, the Wish Book has become a part of the Holiday shopping tradition for millions of Canadian families.

As a young boy growing up in London, Ontario, my first job was delivering Sears catalogues. I vividly recall my first look at that huge pile of Wish Books Sears delivered to my home. This catalogue was larger and heavier than most, but it was my favourite one to deliver because of what was inside. I filled load after load of Wish Books into my wagon, much like the one sold on page 710, and made my rounds. There was excitement and wonder from neighbourhood families when the Wish Book arrived on their doorsteps.

Today, the feedback I get from customers strongly indicates that the Wish Book plays as significant a role in the Holiday season now as it has over the past six decades. The Wish Book takes months to produce and involves the efforts of thousands of Sears associates. We are all proud to be part of this iconic Canadian Holiday tradition for so many families.

We sincerely hope you enjoy the unique shopping experience that the Wish Book offers.

Merry Christmas and Happy Holidays!

Calvin McDonald,
President and CEO,
Sears Canada Inc.

SEARS PRICE MATCH GUARANTEE

We'll match any competitor's advertised price for identical merchandise offered in Sears catalogues and on sears.ca within 30 days of purchase.

We reserve the right to verify that the competitor is an authorized dealer located in Canada, that the advertisement is correct, and that the merchandise is identical (same brand, manufacturer and model name/number), and is in-stock at the competitor's local store. The competitor's offer must be in effect at the time of the Price Match request and the advertisement must pertain to the same geographic area.

Price Match Guarantee for Sears catalogue and website purchases does not include prices in Sears retail stores, Sears Home/Decor stores, Dealer stores, Outlet/Liquidation stores. Sears Outlet Site or other Sears website-exclusive advertised prices. Price Match Guarantee does not apply to Sears HomeCentral® installed products and services or licensed departments. Excludes competitor club, co-op or wholesale purchases, limited quantity offers, clearance, after-rebate or coupon discounted prices, auction website prices, discounts for 'cash' purchases, and damaged, reconditioned, shop-worn, floor model or other items that are not new and first quality.

Offer applies to the purchase price of the merchandise only, and does not apply to add-on related services such as delivery, installation, maintenance agreements, special credit or financing terms.

This program may be amended or discontinued at any time without notice.

To request a Price Match: Price Match requests cannot be made at time of ordering; requests must be made in person. At pick-up, or within 30 days of pick-up or home delivery, bring in the local competitor's current print advertisement showing a lower price for the identical national-brand item, and your original Sears sales receipt, to the nearest Sears catalogue location. Canadian website prices as offered by comparable competitors will be honoured when accompanied by a printout of the current website advertisement. If your request qualifies, you will be refunded the difference in price.

For C.O.D. orders (where accepted), cash will be refunded or a cheque will be mailed to your home address; for account purchases the refund will be handled by a credit to the account used (credit may appear on the next statement that follows the statement showing the item purchase).

A WORD ABOUT OUR CATALOGUE ADVERTISING:

About Prices and Savings: Unless otherwise stated, all price comparisons refer to Sears catalogue prices offered nationally in Canada and are in Canadian dollars. For many savings offers, Sears regular price will take effect after the sale. "No Lower Price This Season" and similar statements refer to Sears catalogue prices and do not apply to clearance prices. Prices in this catalogue are subject to change and do not include installation or home delivery. A minimum of $3.95 shipping fee (non-refundable) will apply to most orders. Higher shipping fees may apply to certain products and Sears locations. You will be advised of these charges when you place your order.

Find a Mistake? Sears reserves the right to correct pricing and/or advertising errors, and customers who are affected will be advised of the correction at time of ordering (correction notices may also be posted on sears.ca). Products, prices and promotions may only be available for this catalogue.

About Dimensions: Unless otherwise stated, all sizes quoted in this catalogue are approximate.

About Availability: Some items in this catalogue may be offered for sale elsewhere at Sears or at Sears licensees, but prices and offers may vary. When an item is out of stock, we will tell you if and when the merchandise will be available, and then hold your order. Our real-time inventory system sometimes is not able to keep up with demand, and we may have to cancel certain orders after they are accepted. In some cases, we may offer you a substitution of equal or better value.

About Recycling: Together we can help to improve the sustainable use of natural resources. Please return your expired catalogues to any Sears Catalogue Order Desk or Catalogue Store or place in your recycling Blue Bin at home. Collected catalogues will be sent to a recycling facility where they will be reprocessed for use in various products.

Foam-Back and Blackout Drapery works year-round, helping block-out heat, cold drafts and light while stifling outside noise. As part of an overall energy conservation plan, insulating foambacks or blackout lining can help reduce your energy costs while enhancing comfort and style in your home. For items with a reduced heat loss claim, claim is based on comparison of a single pane window not covered by a window covering. Total energy saved by this window covering is limited to the window being covered, not the total energy costs of the consumer.
